Why did you enroll in this course?

Comments

I didn't know what career path I wanted to take. I just know I wanted to go into medicine. So my counselor told me about this course.
This was probably one of the most helpful courses that I will ever take in my life. It helped me understand how to achieve what I wanted to, in what timeline, and how to overcome what constraints.

I chose to apply myself to the course (completed readings, attended classes, participated in discussions, completed assignments, etc.).

Allie was an amazing instructor! She was so kind and so helpful! Her canvas page had everything I needed to know and if I had anything come up she was so great to reach out and make sure I was doing ok and if I needed anything.
So sweet and very approachable. Would ask presenters helpful questions that I didn't even think of.
Allie is such a good instructor and values everyone's opinions. You couldn't ask for more out of an instructor.

Additional Comments

Is there anything else you would like this instructor to know?

Comments

She said this was the first time she taught the class and she did a great job! She asked the perfect questions to the guest speakers which always helped snowball other questions so there weren't long pauses of silence.

This was the most helpful class i have ever taken, thank you so much.

Good job! Gold star!

You wrote me a very encouraging note to my first assignment about why I wanted to be a doctor. That meant so much to me and really pushed me to do my best in my other courses as well. It was a perfect example of how we might not know just how much our simple words help. Thank you.
